Nursing Quality Conference
Creating Caring Cultures

Kate Sanders
Practice Development Facilitator
Foundation of Nursing Studies

FoNS: Inspire Enable Improve

- An independent, not for profit organisation that works directly with nurses and nurse-led teams to improve care for patients, their families and carers
- We work with nurses, helping them to use innovative, knowledge based approaches to improve the practice of caring and ultimately provide the standard of person-centred nursing that ensures patients feel respected and safe
- Over the last 5 years we have supported more than 80 nurse-led teams working across all healthcare settings UK-wide

FoNS

FoNS: Working With Nurses to Improve Practice

1990s - Implementing research into practice

2000s - Using enabling approaches to improve clinical issues

Now - Working with places, processes and people

FoNS

FoNS: Creating Caring Cultures Programme

- Opportunity for two wards to take part in a programme pilot
- 2 year commitment
- FoNS facilitator available 2 days per month
- Work with internal facilitators
- Use approaches that:
  - Are supportive but enable critique
  - Encourage learning in and from practice
  - Build relationships that enable the inclusion and involvement of staff, patients and their families
- Opportunity to link with the Nursing Standard and Patient Association Care Campaign
