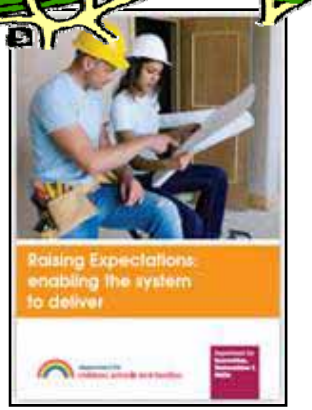
2010

2009



2008

2007

Why are we changing the system?

Delivering an entitlement to learning through:

- Raising participation age from 2013.
- A ‘September Guarantee’ for young people.
- 14/17 Diploma lines for all, through collaboration.
- A Foundation Learning Tier below level 2.
- Providing portability through the QCF
- Involving employers far more in shaping education.
- An Apprenticeship place for all from 16.
- Underpinning with impartial IAG – learner choice.

Post-MoG Approach

Planning and Commissioning Process

- **What choices do we have to get to 100%?:**
  - Rebase, Consolidate, Grow or Decommission?
  - Changes to mix & balance of provision, through provider dialogue?
  - Commission new provision from monies ‘freed-up’?
  - Role of other funds: ESF?
  - DSG, etc?
  - Open, etc.
  - Direct, Competitive Tender or Negotiate?
  - PSC structure requirements?

Collaboration

14-19 landscape:

- Making decisions in a collaborative environment.
- Provider and provision neutral.
- Data and quality driven.
- Funding following the learner and maximised for participation and attainment.

… to deliver a personalised package to the young person through a provider base with Local Authorities as strategic leaders and planners.
