I'm Newly Qualified… Get Me outta Here!

RCM Conference

14th November 2012

Susie Moore

I'm afraid I'll make a massive cock up

I fear litigation

I'm afraid of how other staff will treat me

I'm afraid of killing someone

I hope I don't kill anyone

I'm afraid someone will die

I hope I don't get bullied

I hope that no one dies

I hope I don't inflict any harm

I hope to get through the day

Maternal Mortality 2008

UK	Afghanistan
8.2 women per 100,000	**1575 women per 100,000**

A Strategic Vision for Maternity Services in Wales (2011)

The Welsh Government expects the NHS to take action to deliver maternity services which:

place the needs of the mother and family at the centre so that pregnancy and childbirth is a safe and positive experience and women are treated with dignity and respect

I want to be an amazing midwife and remain kind and caring

I hope to inspire new students

I want to be happy in my work

I hope I can be the best midwife I can

I hope to be a great mentor

I want to be a consultant midwife – boo yeah!
