INTERNATIONALIZATION

✓**In 2013**, Tecnológico de Monterrey gets **5 stars in the QS Stars evaluation**, placing it as a world-class University in areas of education, highlighting its work on internationalization.

"Virtually all of the most ambitious students in the world, at all levels...have one thing in common these days: the desire to become proficient in a language other than their native tongue. This desire has resulted in a total of two million language travel students in the world today, a figure expected to increase to a staggering figure of 2.5 million by the year 2010" Jacqueline Kassteen, ICEFmonitor.com

During 2013 Tecnológico de Monterrey offered **1,199 academic opportunities** to study abroad. In most of the places English is the official language of communication.
