Guess when this was written?

Here's a statement about the threat to the United States from cheap Indian and Chinese labor:

> **"... the time is not distant when everything that machinery and cheap labor can produce will crowd every market. The millions of China, with the millions of India, will offer the cup of cheap machine labor, filled to the brim, to our lips, and force us to drink it to the dregs, if we do not learn wisdom"**

Skills Shortage: A Myth?
