## Health Visitor Implementation Plan

- Universal service
- Tailored to individual need
- Increased contacts with families
- Proactive interventions
- Evidence base

The Health Visiting Taskforce

Unite/CPHVA Annual Professional Conference **2011**

# **CRITICAL AGES, CREATIVE SOLUTIONS**

“I have become really enthusiastic since being connected to the Taskforce about the programme. I know it will be difficult to achieve all the elements, but I have already met some very determined individuals who recognise this is a once in a life time chance to get health Visiting into a really key position for the future. I certainly intend to give it my very best effort. I hope the conference goes well,”

Dame Elizabeth Fradd

## **For 2012 – our anniversary**

The numbers of health visitors and school nurses increasing and as a consequence the healthy child programme 0-5 and 5-19 can begin full delivery.

Health services are commissioned better to reflect the diversity of the population's needs and public health is embedded within this.

The SCPHN review begins and starts to map out clear and strong roles for the professions.
